

ECO TOUR

Introducing a new tour by Grand Lady Cruises. Like a floating science museum, our two-hour Ecological Discovery Tour studies the animals and natural wonders around Pirate's and Strawberry Islands in the upper Niagara.

- Go behind the scenes with our state-of-the-art navigation equipment and an underwater camera.
- View GPS-connected monitors on both decks that show the boat's position on the river surface and underwater cameras showing what lies beneath.
- See nesting birds like herons, egrets and cormorants, plus learn about other animals and natural wonders that live in the Upper Niagara.
- Tours are ideal for all ages, from middle school through high school and college, to senior groups and anyone interested in learning more about the local environment.

Trips begin Memorial Day weekend and are scheduled for groups by reservation. The cost is \$22 per person. For available dates and more information, please call **1-888-824-5239** or visit www.grandlady.com.

The Grand Lady's Home Port:

Holiday Inn Grand Island

100 Whitehaven Road
Grand Island, NY 14072
4 miles East of (I-190) Exit 19 - Whitehaven Road
